Very useful. I have learnt how I learn and now know how to improve my learning style.

Good simple presentation. Excellent communication style. Excellent interaction.

Very useful, interactive.

Interesting very useful session. Well presented.

Excellent. Good mix of group work/slides and discussion in a large group.

Really nice and thoughtful presentation. I feel more motivated to learn by analyzing my learning style and seeing why I prefer/dislike certain things.

Excellent teaching session. Well organized, varied. Made dry session very entertaining.

Good presentation, well prepared. Useful exercise to have done - made it interesting.

Useful.

Good session. Helped me identify my personality and learning style and how to make up for any deficiencies.

Excellent summary of learning styles. Enjoyed the splitting into learning types and talking to liked minded individuals, as this helped me to identify my learning style. Really good to be able to use this talk to educate us about the role of the eportfolio and how to utilize it properly. We really need an initial tuition slot on how to use eportfolio since this question comes up very often and it needs addressing fully.

Great learning styles.

Good topic. Realised which group I belong, how different people work differently. Discussion session was very useful. Discussing common problems, professional dilemma situations was very useful. Thought provoking.

Good session, helpful to look at learning styles. Balint grp very good.

Very good enjoyed teaching/learning style.

Good session on learning styles. Useful to do learning style questionnaire. Useful tips for eportfolio.

Really good thanks.

Well structured, pertinent and useful for reflecting upon my developing adult learning style.

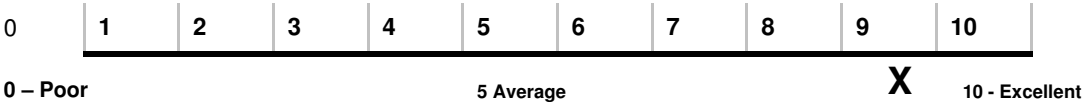

Useful. Liked the small groups.

Good to look at learning styles. Very helpful to do Balint group and to discuss how to deal with complaints. Very good session, well done Geri.

Good review of learning styles/theory. Ways to adopt learning methods/how to change practice.

Very useful.

Very good and interactive. Useful experience.
