- To explain GMC/RCGP guidance on fitness to practice
- To reflect on maintaining standards and individual fitness

Objectives:

- To know how to access information fitness to practice.
- To have working knowledge of what is required within good medical practice and how it applies to them.

Comments / Feedback

A difficult topic to teach, but done very well. Good interactive session. Much more familiar with the 'Good Medical Practice' book now.

Excellent overview of fitness to practice. Well designed, group work. Nice chocolates.

Very good session. Good Presentation of a boring subject. Good interactive session.

Good fitness to practice - well presented, made interesting. Breaking bad news, good.

Teaching method - very good presentation of facts. Looking at cases provided an opportunity to learn whilst being interactive.

Good ST3 session. Rob was very good - good small group today.

Always enjoy ST3 group discussion. Good presentation - Rob very good speaker, confident and clear. Shame other presentation did not load, but good idea and good use of CSA prep.

Very good, I'm sure Ria's slides were excellent.

I'm sure Rob was a teacher in a former life!! Good informative presentations.

Content - good content coverage relevant to our training and competencies.

Format - interactive teaching - a good way to make a boring topic more interesting.

Fitness to Practice - Excellent. Good use of group work and scenarios. Bad news - good discussion.

Second half - Good informal open discussion.
