Comments / Feedback

NICE

Very useful. Good presentation.
Good presentation - good level of detail relevant for GP. Clear speakers.
Very detailed and started good conversations.
Great talk, well done! Learnt a lot from primary care point of view.
Very useful. Good use of case studies.
Useful and information presentation. Very good 3 person breakdown into 3 distinct diabetic information areas.
Excellent. Extremely good and useful. Case studies succinct and to the point.
Good and comprehensive with plenty of time for discussion. Enjoyable and not too heavy for a warm afternoon.
Very useful session. Interesting case discussions. Raised interesting discussion.
Very useful for GP. Liked the discussion the talk raised interesting points, to include current data.
Very informative session.
Very clear session. Good summary.
Excellent overview of diabetes management for primary care.
Good interactive questions.
Well presented.
