24 September 2009

Aims: / Objectives:

Ethics in Primary Care
To increase awareness of diverse range of ethical dilemmas in primary care.
To understand use of ethics frameworks.

Comments / Feedback

Very good. Liked the discussion.
Good and useful. Nice discussion of different dilemmas.
Amazing presentation. Very enlightening.
Interactive. Useful. GP related.
Great discussion.
Ethics – nice, interactive. Small group – TATT – useful summary of Ivx.
Good presentation in models and reference of doctor duties. Good case based discussion.
Stimulated good discussion.
Good scenarios. Concise presentation.
Very good presentation. Excellent content due to case examples. Met aims and objectives. Let session feeling a little educated in 1° care ethics.
Good. Well presented especially given dry topic.
Good ethical talk – nice to debate various topics. Refresher on HONK, meningitis and lithium toxicity. Some ethical dilemmas discussed, but would be good to do more.
Very useful. Well presented and illustrated.
Dry topic but made relatively interactive. Good mixture of quiz/discussion etc. Could have been directed better.
Good overall. Quiz was really useful. Going through the cases was interesting.
Difficult to structure. Better to advise on where to get advice.
Opened up a 'Pandoras Box' in a way, that it threw up a lot of questions; which is good because it makes you think a lot. Good presentation by Phillip, Kathy and Mush.
Very good.
Very good way of teaching ethics which is a difficult subject to do.
Good ethics session. Interesting cases. Difficult subject to teach but interesting cases.
Good revision of ethical principles and case scenarios.
Enjoyed the NPC stuff.
Provoking ethics session. Interesting NLP session.
Interesting. Informative. Liked the cases.
Rather a whistle stop tour of medical ethics. Possibly a greater depth of focus on ethical frameworks. Good use of question and answer.
Discussion is always better than dry lectures, difficult topic.
