What can Neurosurgeons offer GPs?

Registrars: Courses, Exams, deadlines and Books

SHOs: Dyspepsia

Reg / SHOs: MRCGP and Summative Assessment

Comments / Feedback for today's session

Good Start

Excellent session, a good start.

Excellent guest speaker

Excellent talk on neurosurgical input for GPs

Useful Main session – Fantastic!

Interesting session

Very informative Neurosurgical session

Enjoyable neurosurgery talk.

It was useful, but some extra stuff not needed

Good to know other options for referral than orthopaedics.

Useful to start finding out about MRCGP/summative assessment so can plan year.

Well presented and entertaining.

Useful to think about back pain and need for referral.

Very informative and good insight.

Excellent neurosurgeon, brilliant, really useful clinical information and fabulous command of language.

Good insight

Good, relevant, simple talk by the neurosurgeon, not all relevant.

If we can get more experts to speak on topical subjects it will be more beneficial than we presenting something

Both sessions useful.

Good Group session

Very useful group session

Dyspepsia: Very good, challenging

Very useful

Learnt a great deal

Excellent GP based presentation

Wide knowledge base

Great presentation

Second session very useful

Second session about summative assessment and exam and consultation was informative

Registrar discussion very helpful.

Useful but relatively non specific

After tea session a bit vague.

Interesting information on MRCGP & S.A. for first time in 2 years!

Quite a lot of time wasted with chatting / tea.

Helpful exam information.

Section session very useful, feel well motivated.

Rheumatology

Tona Walder and Jonathan Clarke

Aims

Monitoring Disease Modifying Drugs

SHOs: Drug Addiction / Alcohol

Reg / SHOs: Models of Consultation

Registrars: Videos

Comments / Feedback for today's session

Good presentation
 Lots of good info and details
 Very useful
 Modules explained in a good way
 Very good
 Very informative looking at the different models
 RA talk also very informative medically
 Good to very good
 Hard work went into today's sessions
 Very good seminar
 Covered important points
 Enjoyed looking at videos and consultation models
 Excellent from Tona
 GPR sessions very informative
 Excellent and useful rheumatology talk
 Relevant to GP
 Detailed
 Very useful group session and videos / consultation models excellent
 Learnt about different types of consultation
 Good discussions
 Very good. Some consultations a bit farfetched!
 Useful presentation – important topic
 Videos useful
 Good presentation on RA
 Constructive comments on videos
 Very good, informative, excellent presentation
 Good introduction to videos.
 Three - everyone comfortable with marking scheme (even if unsure as to what exactly you need for merits)
 Good RA talk
 Jon was excellent!!
 Tona was extremely good
 A thorough, well researched topic
 Rheumatology session really good
 Always interesting watching other people's videos
 Very good session
 Good information in whole group session a great speaker would have been good
 Obviously put some time into the talk. Did not know much about the drugs before, so that was helpful

EPAU and Family Planning Role Play

Mary Ogbue and Sam Kar

Registrars: Courses, Exams, deadlines and Books

SHOs: Critical Appraisal

Reg / SHOs: Video Criteria & Consulting Skills

Comments / Feedback for today's session

Very good role playing

Useful knowing real cases seen by Dr McCaffrey

Knowing and learning how to deal with problems/queries related to

Good interactive session

Role play cringey, but helpful

Needed to finish off the consultations (as this is the difficult bit!)

Role play was excellent, clinically significant and USEFUL to GP

Role play useful brought up interesting basis for discussion

Excellent, even though hate role plays, thought provoking and helpful practice

Excellent although I hate role plays as a rule, this was enjoyable. Scenarios were chosen for interesting challenges and issues.

Enjoyed the lively group discussions after.

Excellent session

Role play was the best and we should have more

Good scenarios

Very useful session

Good to hear everyone's news about situation, options, management and surrendering issues.

Role play surprisingly less irksome than usual

More factual presentations would be useful

Really good relevant cases and supportive environment in which to practice role play

Ethics

Toh Wong and Roshan Khuroo

Registrars: VIVA practice

SHOs: O + G Topic

Reg / SHOs: GPSi's and SHO Diplomas Case Discussions

Comments / Feedback for today's session

Ethics – Very short
More cases would have been useful
Ben McC very good!!
MRCGP - Watching video very useful
Helpful to have two people in group who have already sat it!
Ethics very good about looking at ethics in a different angle
Stimulating
Good
Okay
Good highlights on important points
Nice examples
Well prompted discussion
Very well tied in overview
Good sessions – especially when open discussion
Very interesting and informative.
Good interaction with case studies
Visual aids need less info and larger print
Excellent presentation
Good overheads
Very interesting
Good lively session
Helpful input from Ben
Case discussions very useful
