

Worcester VTS - Evaluation Form

ST1 ST2
ST3
(please circle)

29 January 2009

Aims: / Objectives:

Clinical Ethics

To facilitate the further understanding of Ethics in practice and CSA.

ST2's Trivial things

Comments / Feedback

Good, interactive, relevant.

Comprehensive review of care ethics.

Very well presented. Good Ethical cases. I liked the use of video case.

Over all very good! Good mix of presentation and teaching methods. Good crowd participation. Linked it to CSA therefore, making it all very relevant. Ethical examples at end were a good addition. Presentation was made interactive which made it enjoyable and easy to follow.

Very informative and interesting. Will really help in day to day work and in exams.

Good use of different methods of teaching.

Well organized. Good presentation. Discussions and good case mix.

Good presentation - clear definitions. Good to see video of case involving an angry patient and learnt new ways to deal with this situation. Very good format, great to be able to discuss different ethical situations.

Useful session.

Good structure - interesting and based on curriculum. Informative. Included everyone.

Very interesting and thought provoking. Liked the cases.

Really thought provoking. Well done.

Discussion very informative. Raised as many issues as it solved! Good basis for thought.

Good presentation. Relevant scenarios to discuss - Nice cake!!

Interesting issues raised. Well presented.

Good session helpful. Clarification good in specific circumstances.

Very good. Interesting use of cake. Well planned. Good background work and knowledge.
