

Worcester VTS - Evaluation Form

ST1 ST2
ST3
(please circle)

2 July 2009

Aims: / Objectives:

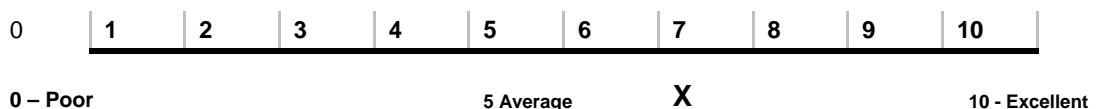

Interpretation of LFT's

Review of Gastro NICE Guidelines

Exploring application of NICE Guidance with reference to clinical case scenarios encountered in practice.

Comments / Feedback

Well done to Anna doing it on her own.
 LFT's - missed most of this part as had to answer a ward bleep.
 NICE - good summary and questions.
 Good informative. Allays my fears of LFT's.
 Good stuff. Relevant and practical.
 Really useful, well presented, to the point.
 Relevant covered all. Did well - especially as on her own.
 Excellent presentation. Very useful especially interpretation of LFT's.
 Very well done. Exam at start, good idea - identify weakness.
 Guidelines - discussion very good - highlighted. Important useful topics.
 Good to go through NICE guidelines. Clear presentation. Interesting to assess LFT's and the interpretation of them.
 Good presentations on interpretation of LFT's. Useful IBD presentation.
 I learned how much I don't know - AGAIN. Great reminder to read.
 Comprehensive and interactive review of LFT's and their management in primary care.
