Comments / Feedback

Very good.
Useful information on local setup. Could have been a bit more interactive.
Good. Detailed. Specialist Nurse good.
Very informative. Good understanding of role of Specialist Nurse.
Very interesting and useful.
Case studies most useful part.
Very useful
Very useful for GP set up. Management and community specialist nurse input and referral.
Very useful cases and discussion with heart failure nurse. Talk at beginning perhaps in too much detail for GP medicine.
Useful session. Very good and excellent presentation.
Very good afternoon. Clear presentation. Good cases.
Excellent.
Guideline – Good summary put in context, particularly for pharmacological management.
Important introduction and information regarding nurse led service.
Cases – good, although a little to focused on acute care (not primary care).
