Aims: / Objectives:

Obs & Gynae Study Afternoon - Mr John Watts, Consultant Obs & Gynae

Comments / Feedback

Really good and useful and needed - kept it simple relevant and well targeted. Good handouts. Very useful and relevant.

Excellent. Very informative and practical material. Will help in GP practice to investigate and when to refer for evaluation.

Very useful session. Informative, excellent.

Very interesting and useful.

Very useful overview of PCOS and guidance relating to infertility investigations.

Very useful talk, covered all my queries related to general practice. Thank you.

Useful to guide my future investigations and referral of patients with infertility. Thank you.

Very useful. Nice to have an informal session - easier to ask questions.

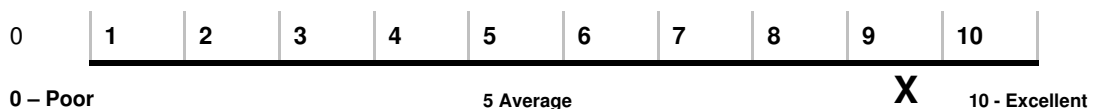

Very useful and informative session. Cases interesting and useful.

Well pitched - very useful for GP. Informal - able to ask questions.

Excellent overview of Gynae topic infertility.

Very good/helpful and informative, answered lost of questions.

Excellent - appropriate presentation/question answering at right level. Very useful afternoon. Thank you.
