

## Worcester VTS - Evaluation Form

GPR, SHO Inn  
or SHO  
(please circle)

---

29 March 2008

### Aims:

#### Critical Reading

To get an understanding of EBP and work through an RCT

### Objectives:

To get an understanding of what makes a good RCT

TO be shown how basic statistics are calculated

To critically appraise a paper for Primary Care

To work through an e-learning module

To carry out an exercise 'running an RCT'

### Comments / Feedback

Really useful interactive session – would have been good before RCT

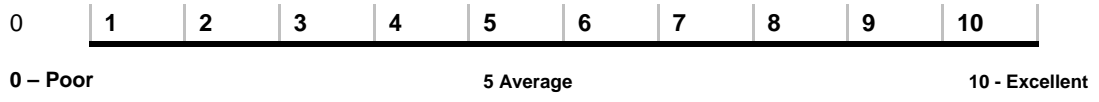

Very good

Good and helpful

Appropriate

Good refresher course re: basic principles of medical statistics with EBM – informative re: further reading.

Good presenting style. Allowed for interaction and questions.

**Name** (Optional) .....
