3. Testicular Lumps
4. Benign Prostatic Hypertrophy

Comments / Feedback

Both presenters were incredibly ugly!! Very well presented simple clear slides. I liked the introduction about the curriculum and general overview. Both presenters gave good clear presentations and allowed for informative discussion and questions.

Very useful. Good coverage of when to request PSA.

Good overview of main areas or urology. Good discussion about PSA.

Very thorough.

Very good. Relevant. Concise and to the point.

Excellently done. Informative. Good balance of facts, well structured.

Good overview of men's health. Concentrated on areas of concern.
