Comments / Feedback

Difficult topic to cover, but done well. Topic of contracts well explained – learnt lots of new things as I to, never understand things like that.

Interesting topic. Covered well, especially contracts section.

Hiring the staff member – topic was useful, but some more information about how to make a good CV would be more beneficial. Small GP discussions always interesting.

Good talk considering difficult topic. Really useful small group session.

Very relevant to life beyond August.

Excellent presentations and discussions around employment law. Good way of illustrating ‘short listing’ by looking at CV’s.

Employment – good presentation – enjoyed the group work on CV’s. Good ST3 group on TGP work.

Very relevant. Good coverage.

Useful. Well thought out.

Interesting employment issues. Good small group sessions.

Useful, although would have been more useful to be focused from a candidate point of view ,rather than interview/employer point of view.

Made a boring topic much more interesting and fun.

Good. Really good and well done.

Interesting talk – learnt some new points – good to know contract information for future jobs.

Useful introduction. Difficult subject to take in prior to being in the job.

Interesting to hear about recruitment process, especially contract section. Not sure if completely relevant at this stage. Small group good.

Good to cover as I had very little knowledge in this area. Presented well.
