## Comments / Feedback

Very appropriate. Very useful

Very good and relevant. Appropriate information. Appreciated.

Good overview of Gynae emergency. Useful at GP level. Triage - good information and awareness of how the Obs & Gynae ward will be working.

Gynae emergency revision good.

Very informative.

Gynae more helpful than Obs, but interesting to see new plans for triage.

Very good presentation. Relaxed and open approach. Information appropriate and at correct level.

Excellent. Very useful.

Good session. Useful. Interesting.

Very useful.

Really useful session. Clear presentation.

Best teaching session so far. Prefer teaching by specialty consultants.

Really interesting. Good ideas.

Very useful update.

Very good presentation on Gynae.

Interesting up date on forth coming changes in Obs services.
