

**14 October 2010**

**Aims: / Objectives:**

**Medicines Monitoring**

**Comments / Feedback**

Difficult to make interesting, but very important topic.  
 Interesting, informative, interactive.  
 Enjoyed the cases, put knowledge into practice.  
 Good presentation and case discussion.  
 Good interactive sessions. Learned a few things.  
 Not sure if all the answers to AKT questions were right. Otherwise useful.  
 Good topic. Cases good and interesting. AKT questions good – answers done a little quick.  
 Good to think about medicines and monitoring. Small group work – good to discuss cases.  
 Good practical and interactive session.  
 Good. Well presented.  
 Good, useful. Need more precise information.  
 Very useful information. Example AKT questions. Overview of very interesting clinical case.  
 Good.  
 Useful session. Small groups were good.  
 Very useful teaching session. Separated well into 3 timed sections – all of adequate length. Good use of resources. Interactive.  
 Useful summary. Yellow card information good. Brought to my attention knowledge gap.  
 Good. Relevant.  
 Great. Nice coverage. Interactive.  
 Good lesson plan. Useful subject.  
 Medicines to look into. Monitoring has contributed to change in my practice.

0 – Poor

5 Average
